INNOVATION - ADVOCACY - LEADERSHIP

PARENTS AS TEACHERS

A free, early childhood home visiting program designed to increase knowledge of early childhood development, enhance parenting practices, provide early detection of developmental delays and health issues, and increase school readiness and success.

WHAT IS OFFERED?

Parent and child activities that
promote learning in each
developmental domain

Group connection events
to connect families and
same age children

Connection to resources
within the community
based on the interest and
needs of the family

Developmental screenings
and milestone tracking

Educate parents on how to
safely and properly install a
carseat

WHO CAN JOIN?

We serve prenatal mothers and
parents with children birth to age
three
